Author event and book signing, followed by QUIZZO!

Join the World Affairs Council for a program with **Dr. Andrew Solomon**, a professor of clinical psychology at Columbia University, president of PEN American Center, and a regular contributor to The New Yorker, NPR, and The New York Times Magazine.

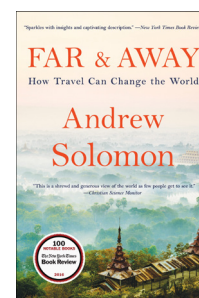

In his featured book, *Far & Away: How Travel Can Change the World*, he discusses many of his travel experiences—everything from his quest for a rare bird in Zambia in 1998, to researching widespread depression among the Inuit in Greenland in 2001, to his time in Myanmar in 2014, when he met ex-political prisoners as the country fitfully pushed towards freedom.

Following Dr. Solomon's discussion, the Council will host several rounds of Quizzo on geography, politics, culture and history—so come test your knowledge of the world we live in!

***Complimentary drink tickets (21+) and snacks!**

***Prizes will be awarded to
1st, 2nd, and 3rd place winners!**
