# Nikon SMALL WORLD

STUNNING WINNING IMAGES OF THE MICROSCOPIC WORLD

The Wistar Institute Leadership Council and Ambassadors invite you to join them for the opening reception.

**Friday, January 20, 2017**

6:00 – 7:30 pm

The Wistar Institute  
3601 Spruce Street, Philadelphia, PA  
**Register online: [wistar.org/NSW2017](http://wistar.org/NSW2017)**

**ON VIEW JANUARY 23 – MARCH 3**

The Wistar Institute hosts a special exhibition of 20 stunning, colorful and light-filled winning images from the 2016 Nikon Small World photography competition. What could be mistaken for startling images of planets, aliens, and monsters are actually breathtaking photographs taken through the microscope by scientists, professional photographers and highly-skilled laypeople.

The Wistar Institute is the *only venue* in the region to host the Nikon Small World exhibition. The exhibition is open to the public Monday – Friday, 9:00 am – 5:00 pm, January 23 through March 3, 2017.

**5th Place Photograph:** Front foot (tarsus) of a male diving beetle by Dr. Igor Siwanowicz.
